12 July 2024

To: Owners/Operators of Commercial Gas Dryers  
Registered Gas Supply Companies  
Registered Gas Contractors

Dear Sir/Madam,

**Promulgation of Code of Practice GU13 - Commercial Gas Dryer (Issue 3)**

The Electrical and Mechanical Services Department (EMSD) has promulgated the Code of Practice GU13 - Commercial Gas Dryer (Issue 3) in Chinese and English versions to outline the minimum safety standards on gas supply and exhaust system of commercial gas dryers.

In order to reflect the latest standards and requirements for the gas trade to follow and combine the two modules (town gas and liquefied petroleum gas) of the previous issue, after consultation with the trade, the EMSD had revised the Code of Practice which was released in July 2024.

The revised COP can be downloaded from the website of the EMSD:  
[https://www.emsd.gov.hk/en/gas\\_safety/publications/codes\\_of\\_practice/](https://www.emsd.gov.hk/en/gas_safety/publications/codes_of_practice/)

Yours faithfully,

(SUN Chi-hung)  
for Gas Authority
