

**The Provisional Refrigerant Technical Advisory Committee has approved the following refrigerant handling training courses:**

<b>Course Provider</b>	<b>Type of Course</b>	<b>Launch of Course</b> <sup>Note 1</sup>	<b>Contact Information</b>
Vocational Training Council	Refrigerant Handling Theoretical Training Course	Anticipated in the first quarter of 2025	Tel : 2538-2336 Email : <a href="mailto:eltc@vtc.edu.hk">eltc@vtc.edu.hk</a>
	Refrigerant Handling Practical Training Course 1 (Refrigerant Type : CFC/HCFC/HFC)		
	Refrigerant Handling Practical Training Course 2(a) (Refrigerant Type : refrigerants with mildly flammability)	Anticipated in the second quarter of 2025	
	Refrigerant Handling Practical Training Course 2(b) (Refrigerant Type : refrigerants with flammability)		
	Refrigerant Handling Practical Training Course 3 (Refrigerant Type : refrigerants with higher toxicity)		
	Refrigerant Handling Practical Training Course 4 (Refrigerant Type : refrigerants with high operating pressure)		
Construction Industry Council	Refrigerant Handling Theoretical Training Course	Anticipated in the first quarter of 2025	Tel : 2100-9000 Email : <a href="mailto:training@hkic.edu.hk">training@hkic.edu.hk</a>
	Refrigerant Handling Practical Training Course 1 (Refrigerant Type : CFC/HCFC/HFC)		

Note 1: The Vocational Training Council and the Construction Industry Council will announce relevant course details in the first quarter of 2025.
