To All Registered Contractor

Dear Sir/Madam,

Circular No. 1/2002
Register of Contractors
under the Builders' Lifts and Tower Working Platforms (Safety) Ordinance

Pursuant to Section 6 of the Builder's Lifts and Tower Working Platforms (Safety) Ordinance, the Director of Electrical & Mechanical Services (DEMS) shall keep a register (register of contractors) of persons (companies) who are, in his opinion, qualified to carry out lift work required by the said Ordinance.

The purpose of this register is to allow the public to verify whether the company has been approved by DEMS to be a registered contractor under the said Ordinance. It contains the following information for public access:-

- a) Registration number;
- b) Name of registered contractor;
- c) Business address;
- d) Telephone number; and
- e) Date of expiry of registration.

Now, application for requisition of the register should be made to the General Legislation Sub-division of Electrical Mechanical Services Department in writing together with a stamped and self-addressed envelope. In order to increase the transparency of the register and facilitate the public in accessing the register, I am pleased to inform you that the Register of Contractors will be uploaded onto EMSD homepage as another alternative access in January 2003.

Should you require any clarification, please contact my engineer Mr. Frankie C.Y. SUEN at 2135 8163.

Yours faithfully,

(Vincent H.K. CHOW)
for Director of Electrical and Mechanical Services
